Supercross
Supercross is stadium racing where you can become a crowd-pleasing hero or choke in front of a huge audience. These indoor events feature almost constant turning and jumping so good preloading and power sliding skills must be top flight. Pure speed is less important than quick acceleration. These tracks are for Light (ATV & MX) Class only.

Rallycross
Rallycross is offroad racing where you must come to grips with the environment while contending with your opponents. These outdoor events feature unpredictable terrain and roadside obstacles, making navigating the uneven surface as much of a challenge as coming in first place. These tracks are for Heavy (Buggy & Truck) Class only.

National
These outdoor events feature high-quality venues with well-designed courses for the best riders. Though weather conditions can be a factor, the real challenges are built into the course. These tracks can be used with both Light and Heavy Classes.

Freestyle
Display your airborne artistry and insanity by pulling off incredible stunts and clearing objectives. Freestyle events can take place wherever there is huge air potential. These tracks are for Light Class only.

Circuit
Try your hand at racing buggies and trucks around these indoor dirt circuit tracks, which are groomed with sharp corners and varying sized jumps. These tracks are for Heavy (Buggy & Truck) Class only.

P2P (Point-to-Point)
Make your own offroad path and complete courses through multiple routes as you kick up dust, dirt and mud across these free-roaming, Baja-style outdoor tracks built for all four vehicle types. For the most suitable routes, Light Class vehicles should follow the Red Routes (noting the arrow signs) while Heavy Class vehicles are more suited to the Green Routes.

Sponsor
Unlock Sponsorship tracks by winning Sponsor Challenges during Story and Classic modes, and then tackle the courses here. These tracks are for both Light and Heavy Classes depending on the event.

In Single Event play you can further define your event choice by selecting a mode on the Single Event screen before pressing X. Use the left analog stick or directional buttons to choose a Game Mode (Single Event or Lap Attack), any unlocked tracks and the type of vehicle you wish to race. **Race Options**
You can further customize your race, vehicle and rider at the Pre Race Screen or by visiting the Garage.

the mini games

Soccer
Score the most goals within the time limit. Hit the ball with your vehicle to take possession. Press ◯ to kick the ball for a goal and press ◯ to pass. Use the analog stick ↓ to elevate the shot. On defense, hit the ball handler's vehicle to knock the ball loose. Break a tie with uninterrupted play until a team scores.

Basketball
Score the most points within the time limit. Hit the ball with your vehicle to take possession. Press ◯ to shoot a basket and press ◯ to pass. On defense, hit the ball handler's vehicle to knock the ball loose. Break a tie with uninterrupted play until a team scores.

Bowling
Jump from either ramp onto the island, and knock over as many pins as possible to score points. Just like real life, each player gets ten 'frames' of two turns each. Knock over all the pins on the first turn of a frame (a STRIKE) to get bonus points from your next two turns. Clear away all the pins on the second turn of a frame (a SPARE) to get bonus points from your next turn. Finish all ten frames and get the highest total score to win.

Rings of Fire
In this time-based mini game riders attempt to drive their ATVs and MX Bikes through multiple rings and chain them together for huge points. For each successive ring you can drive through before the time multiplier runs out, the higher score you'll receive. The rider with the most rings chained at the end of the game wins!

Note: Rings of Fire is unlocked by connecting to ATV Offroad Fury® Pro for PSP® (PlayStation®Portable). A USB cable with a Mini B type connector is required to connect the PSP® (PlayStation®Portable) to a PlayStation®2 system.

Treasure Hunt
Snatch as many tokens as you can as fast as you can. The Direction Arrow points to token locations. Each token is worth cash: a Gold Token is worth $1000, Silver is worth $500 and a Bronze is $250. The game is over when time runs out. The highest stunt score breaks the tie so pull some stunts.

Hockey
Drive the puck toward the opponent's goal by hitting it with your vehicle. Score as many goals as you can within the time limit. Break a tie with uninterrupted play until a team scores.
Go online and compete against up to seven other players.

3. AUTHENTICATION. This software uses "DNAS" (Dynamic Network Authentication System), a proprietary authentication system created by Sony Computer Entertainment Inc. (SCEI). "DNAS" retrieves information about a user's hardware and software for authentication, copy protection, account blocking, system rules, or game management and other purposes. The information collected does not identify the user personally and will not be shared with any non-SCEI company. SCEI and their affiliates cannot guarantee the continuous operation of the "DNAS" servers and shall not be liable for any delay or failure of the "DNAS" servers to perform. If you receive a message during login identifying a "DNAS" authentication error, please contact SCEI Consumer Services at 1-866-484-5333. For additional information concerning "DNAS", visit www.us.playstation.com/DNAS. In the event of a system's incompatibility or inoperability with "DNAS", the sole liability of SCEI, SECA and their affiliates shall be limited to the repair or replacement of the user's affected game software, console, or peripherals at the option of SCEI. SCEI and their affiliates shall not be liable for any delays, system failures, authentication failures, or system outages, which may, from time to time, affect online game play or access thereto.

4. COLLECTION OF INFORMATION. Before you can play, you will be asked to create an account with a user player or other game name ("game name") and password. You may also be asked to select or provide additional information for a game profile. This information will not identify you personally. You agree that this non-personally identifying information may be provided to any tournament website which is established by SCEI or its partners in connection with this game. Such information will not be displayed on any tournament site without your permission and agreement to participate in the tournament.

5. PROTECTION OF IDENTITY. When you choose a game name, choose an alias to protect your identity. Avoid using any part of your game name in your password. When you choose a password, choose a unique combination of letters and numbers that is unrelated to your game name or to any information you may share with other players in the game. SCEI will not ask you for your password and you should not provide this information to any third party. This game will save your game name, profile and password automatically. If your game name is inactive for an extended
